- Next.js
- Python
- Laravel
- Java
- MySQL

### Tools

- Git & GitHub
- VS Code
- Figma

### Soft Skills

- Teamwork & Communication
- Critical Thinking
- Problem-Solving

## PROJECTS

### JENIUS ACADEMY - E-LEARNING PLATFORM WEBSITE

Developed a comprehensive online learning platform with 5 integrated pages using HTML5, CSS3, and JavaScript. This project aims to provide an interactive learning experience with course features, subscription system, and testimonials to enhance user engagement in digital learning processes.

### RUMAHSEHAT – HEALTHCARE WEBSITE

Developed a responsive healthcare website using HTML5, CSS3, and JavaScript. The website provides information about medical products and healthcare services, featuring interactive navigation, animated sections, and a modern user interface. It includes product showcases, contact forms, and integrated maps to enhance accessibility and user engagement.

### SALEH PORTFOLIO – PERSONAL BRANDING WEBSITE

Designed and developed a modern, high-performance personal portfolio website using Next.js, React, and Tailwind CSS to highlight my work, skills, and professional identity. The website focuses on clean aesthetics, smooth user experience, and strong visual hierarchy to create a memorable digital presence.
